

**Light experiences
are our mission.**

Works

ISAACLIGHT

Since 1974 has been synonymous with excellence in the crystal and glass industry. Originated from the consolidated experience of Isaac Glass, leading company in the production of components, Isaac Light is a lighting brand dedicated to the most prestigious interiors. Technique and technology are the means, design is the form and glass and crystal are the essence. Timeless materials that allow creativity and craft genius to overcome physical boundaries and experiment with light. A magical element open to the contamination of abstract and surreal evocative shapes that gives life to unique luminous frames. Isaac Light creates alchemical lighting experiences through the dialogue between materials and space.

Dal 1974 Isaac è sinonimo di eccellenza nel settore del vetro e cristallo. Dall'esperienza di Isaac Glass, azienda leader nella realizzazione della componentistica è nata Isaac Light, brand di illuminazione per gli interni più prestigiosi. Tecnica e tecnologia sono il mezzo, il design la forma, vetro e cristallo l'essenza. Dei materiali immortali che permettono alla creatività e al genio artigianale di superare i confini fisici e sperimentare con la luce. Elemento magico, che si lascia contaminare da forme evocative dall'aspetto astratto, surreale creando cornici luminose uniche. Isaac Light crea alchemiche esperienze di luce, facendo dialogare materia e spazio.

Light is pure magic,
surrounding spheres
are the true essence
of creation.
A light experience.
