MUCH BETTER WITH MM

It's from the cold iron that comes our handmade roots. Ancient handmade manufacturings passed on worldwide from generation to generation and have been connected to the art of highlighting knowledge. Masters of forged iron of MM Lampadari meet most famous glass factories in Murano, for a unique project signed with our double "M" and the intellectual support of our authors and designers.

MOLTO MEGLIO CON MM

È dal freddo ferro che attingono le nostre radici artigiane. Antiche lavorazioni manuali, tramandate in tutto il mondo di generazione in generazione, cui abbiamo associato l'arte di saper mettere in luce. In MMLampadari i maestri del ferro forgiato incontrano le più celebri vetriere muranesi in un progetto unico che porta in firma la nostra doppia emme e il contributo intellettuale dei nostri autori e designer.
