

Lo stile inconfondibile di Pataviumart si definisce attraverso la storia delle sue collezioni che ricercano nella tradizione lo spunto per un design attuale e innovativo, ma senza rinunciare ad un tocco di passato.

Simonetta Gomiero, designer e presidente dell'azienda, crea piccoli capolavori, ispirandosi agli sfarzi delle corti di Versailles, all'opulenza del Rinascimento fiorentino, al romanticismo di fiabe orientali. Da sempre innamorata di Venezia, Simonetta ha alimentato l'innata creatività nelle calli e tra i palazzi, di fronte agli scorci emozionanti di una città in cui ovunque sembra di poter rivivere le epoche di un glorioso passato.

Da tutto questo nasce la bellezza delle collezioni di Pataviumart, vi si sentono la passione e la voglia di raccontare una storia attraverso la cura dei dettagli, il lavoro dei maestri artigiani, la creatività di chi riesce ad andare oltre il lato tangibile della realtà.

L'immaginazione è la capacità di prendere un'idea dal passato e portarla qui, ai giorni nostri – nelle case, nei palazzi – con un vestito nuovo, ma con quell'inconfondibile profumo di ieri.

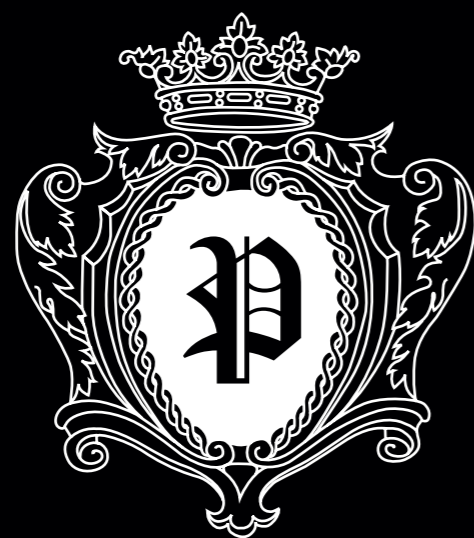

The unique style of Pataviumart is defined through the history of its collections, which have been searching in the roots of the past a point of departure for a current design - rich in character and innovation.

Simonetta Gomiero, designer and President of the company, has been creating small masterpieces, inspired by the splendour of Versailles royal courts, by the opulence of the Italian Renaissance, by the romanticism of oriental fairy-tales.

Above all, in love with Venice, Simonetta has been stimulating her creativity in the lanes and palaces, on the channels and in front of the breathtaking glimpses of the floating town – where History is magically widespread in any corner.

The Beauty of Pataviumart collections is here: in each single product, you will find all our passion, and our effort to tell you a story. You will find a lovely care for details, the traditional artisans ability, and the creativity of someone able to go beyond physical reality.

You will find imagination, and the talent to get an idea from the past and bring it in our days – among the houses, in the palaces – with a new dress, but with its yesterday scent.

OUTDOOR

Per la prima volta nella storia, fatta di oltre mezzo secolo di esperienza artigiana nella manifattura del complemento d'illuminazione e d'arredo, PATAVIUMART va oltre gli interni ed esce all'aperto. Giardini, terrazzi, porticati, cortili e spazi en plein air prendono nuova vita sotto il colorato tocco della nota azienda veneta che si è distinta negli anni per il magistrale utilizzo del vetro di Murano, della seta, del cristallo, dell'oro, dell'argento e di preziosi nelle sue creazioni artistiche.

Per la prima volta nella storia dell'azienda, PATAVIUMART rompe gli schemi e guarda all'outdoor. Per la prima volta nella storia dell'outdoor, un'azienda esce dalle lineari forme note e crea una collezione decorativa, colorata, romantica – una luce da esterno ricca di dettagli. Nasce PATAVIUMART OUTDOOR.

Tonalità forti, vivaci, volutamente contrastanti arredano gli spazi esterni e li riempiono di energia nuova. Il viola abbraccia il verde, l'oro affianca l'arancio, il bianco sceglie il pigmento pistacchio in un connubio di colori e forme che ammaliano lo sguardo e catturano per sempre.

Pare esserci una forza magica in PATAVIUMART OUTDOOR. Magnetico irradiarsi della luce, seducenti macchie di colore che partono da giocose forme sferiche per conquistare gli animi danzando con la natura.

Incanto. Grazia. Colore. Eleganza. Ma anche tecnologia a L.E.D di ultima generazione e pregiata lavorazione artigiana. Innovazione e arte. Questo è PATAVIUMART OUTDOOR.

For the first time in its history, filled with more than half a century of hand-crafted experience in producing luxury lighting, PATAVIUMART goes beyond the interior and steps out. Gardens, terraces, porches, courtyards and open spaces come to new life thanks to the colourful touch of the Venetian company – famous all over the world for the skilful use of high-quality materials such as Murano glass, silk, crystal, gold, silver and semi-precious stones in its creations.

For the first time in its history, PATAVIUMART breaks the rules and looks at the outdoor. For the first time in the outdoor history, a company oversteps the usual geometrical shapes and creates a decorative, romantic, colourful collection – an outdoor light rich in details.

Contrasting, vivid and intense tones of colours decorate the outdoor spaces and fill them with new energy. Violet and green, gold and orange, white and pistachio are mixed up in a bright colour explosion – an enchanting seduction for the eye.

PATAVIUMART OUTDOOR seems to reverberate a fascinating energy. A magnetic irradiation of light and attractive multi-coloured spots move from playful spheres, in a dynamic dance between Design and Nature.

Charm. Grace. Colour. Elegance. But also L.E.D. technology and refined hand-crafted manufacture.

LEGGERE I CODICI

Le misure riportate nel catalogo sono metriche. Per convertirle in Inch esse devono essere divise per 2,54. Tutte le misure sono riportate come segue: Larghezza/Altezza/Profondità oppure Ø(Diametro)/Altezza. Esse fanno riferimento alle dimensioni massime, sono approssimative e hanno carattere puramente indicativo.

I colori degli articoli completi, dei loro componenti quali vetri, cristalli, marmi, alabastrini ecc. e quelli relativi alle rifiniture sono soggetti a variazioni in relazione all'appartenenza a determinati gruppi di prodotti, secondo i materiali usati, in relazione alla loro posizione, al loro taglio, alla loro misura, alla loro forma, alla naturale variazione delle materie prime e alla manifattura artigianale.

I colori della stampa nel presente catalogo seppur di altissima qualità non possono che avvicinarsi al colore reale degli oggetti fotografati.

Pataviumart si riserva di apportare in qualsiasi momento modifiche tecniche ed estetiche ai prodotti atte al miglioramento degli stessi.

Tutti gli articoli presenti nel catalogo vengono identificati da un Codice Articolo composto da vari elementi. Ogni elemento del codice dà informazioni riguardanti i diversi aspetti dell'articolo stesso, dei suoi dettagli o della presenza di particolari componenti. La lunghezza del codice varia pertanto da articolo ad articolo.

È importante riportare il Codice Articolo in maniera esatta sugli ordini e controllarne la correttezza sulle successive Fatture Proforma, Conferme d'Ordine e sulle Fatture definitive. Per la Pataviumart è il Codice Articolo ad essere decisivo su un qualsiasi ordine pervenuto; eventuali descrizioni o misure aggiuntive hanno carattere puramente illustrativo e la loro concordanza con il Codice Articolo non può essere controllata dalla Pataviumart.

Pertanto, eventuali errori causati dalla incongruenza tra Codice Articolo e descrizione aggiuntiva su un ordine non saranno ritenuti dalla Pataviumart motivo di contestazione. Per questo motivo La invitiamo a specificare solamente il Codice Articolo ed aggiungere ulteriori descrizioni esclusivamente nel caso in cui esse siano strettamente indispensabili.

Nel caso in cui si trattasse di personalizzazioni, cioè di modifiche/ricieste non-standard (vedi il rispettivo capitolo), queste devono essere segnalate ed evidenziate in maniera tale da non dare adito a fraintendimenti.

READ THE CODE

Metric measurement is used in this catalogue. To obtain the dimensions in inch, please divide by 2,54. The sizes are listed as follows: Width/Height/Depth or Ø(Diameter)/Height. All reported sizes refer to the maximal dimensions; they are approximate and merely informative.

The colours of the shown articles and its components such as Murano glasses, crystals, marbles, alabasters etc. as well as the finishes are subject to variation according to the product group, the used raw materials, to position, cut, size, shape and to the artisanal way of manufacturing.

The printing of the colours of the catalogue has been made according to the highest, today available quality standards but still cannot it match the original colours of the objects.

Content is subject to change. Pataviumart reserves the right to make any technical and aesthetical changes suitable to improve the products at any time. Errors and misprint excepted.

All articles shown in the catalogue can be identified by an Article Code composed of various elements. Each element of the code contains information of certain aspects of the article, its details or the presence or lack of certain components. Thus, the length of the code varies from article to article.

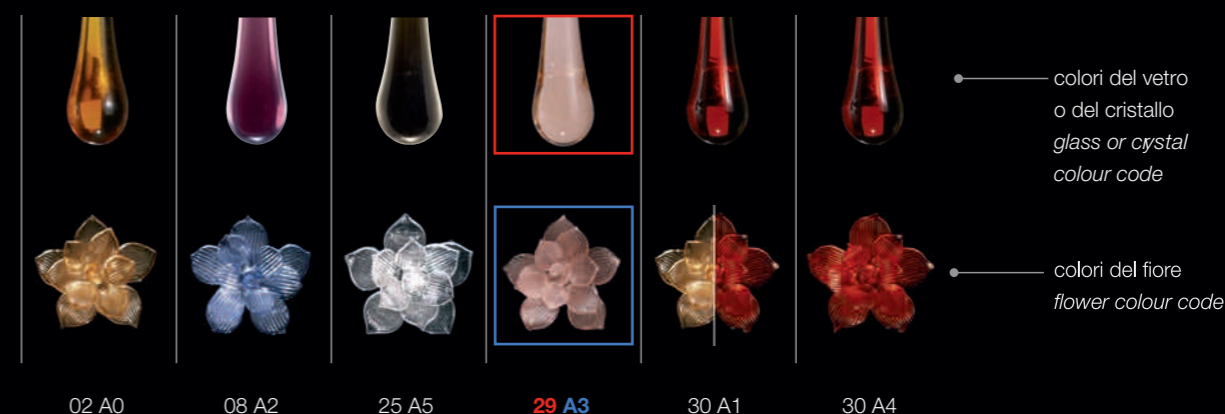

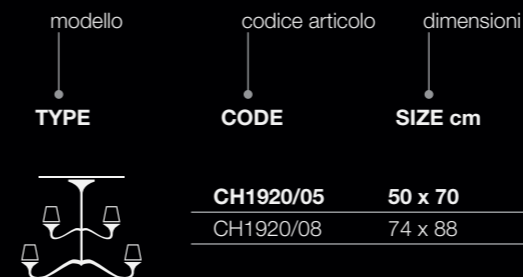

It is very important to copy the Article Code correctly to possible orders and to cross-check its correspondence on subsequently received Proforma Invoices, Order Confirmations or final Invoices.

We would like to remind you that the decisive part on any received order is the Article Code; possible additional information or dimensions will be regarded as purely 'descriptive' as it is impossible for Pataviumart to check their correspondence with the reported article codes.

Contingent errors caused by the incongruence between Article Code and additional descriptions or dimensions on a possible order cannot be the object of claims and will not be accepted as such.

For this reason we kindly invite you not to add additional information or descriptions unless they are absolutely necessary for a correct identification of the ordered article.

In case you requested tailor-made services, i.e. modifications non-standard (see the respective chapter), these must be clearly and unconfutably marked.

CONDIZIONI DI VENDITA

1. Applicazione

Le presenti Condizioni Generali di Vendita costituiscono, unitamente a quelle espressamente pattuite dalle parti al momento della conclusione del contratto, l'intera ed esclusiva disciplina del rapporto contrattuale in essere tra Patavium srl (di seguito "Società") e l'acquirente (di seguito "Cliente") salvo quanto eventualmente concordato per iscritto successivamente alla conclusione del contratto. Le stesse sono da intendersi sostitutive di ogni diverso accordo precedentemente intercorso fra le parti e dunque prevalenti su ogni termine o condizione contenuta o riportata nell'ordine del Cliente o nella corrispondenza, o implicite nella prassi commerciale o menzionate in corso di trattativa.

2. Termine di Pagamento

I Termini di pagamento sono perentori e vengono concordati alla definizione dell'ordine e riportati nella conferma scritta da parte della Società. Il pagamento delle fatture deve essere effettuato per l'intero importo, senza alcuna detrazione, compensazione o qualsiasi altra eccezione. L'eventuale esenzione dall'IVA da parte del Cliente deve essere espressamente specificata nell'ordine e deve essere adeguatamente comprovata. Qualsiasi proroga del credito concessa al Cliente può essere modificata o revocata in qualsiasi momento. La Società si riserva il diritto di sospendere l'evasione di ordini ancora in essere qualora risultassero delle fatture scadute non saldate. Nel caso in cui i pagamenti non siano effettuati nei tempi concordati, la Società si riserva il diritto di applicare un interesse di mora pari al "Prime Rate" pubblicato ne "Il Sole 24 Ore" del giorno di fatturazione, maggiorato di 4 punti percentuali.

3. Merce e Prezzi

I prezzi della merce sono da intendersi pattuiti in relazione a quanto risultante nel listino della Società al momento del perfezionamento del contratto. La Società, fino al perfezionamento del contratto, ha il diritto, in qualsiasi momento e senza preavviso, di aggiornare e/o modificare i prezzi e/o di ritirare qualsiasi merce dalla gamma di prodotti offerti. Salvo diversa pattuizione scritta, i prezzi indicati dalla Società si intendono per spedizione franco deposito della Società stessa in imballo originale, IVA esclusa. L'IVA sarà applicata al tasso vigente alla data di fatturazione.

4. Ordini

Il Cliente deve effettuare gli ordini per iscritto, su carta intestata dell'azienda, ed inoltrarli via fax, e-mail o posta in originale. L'ordine deve essere timbrato e firmato dal Cliente nella persona munita di relativo potere, e sarà soggetto ad accettazione scritta da parte della Società tramite Conferma d'Ordine indicante prezzi e condizioni particolari di fornitura e pagamento. Non è necessario un quantitativo minimo di ordine. Tutta la merce verrà fornita e fatturata a pezzi o in misurazione metriche. Se l'ordine viene trasmesso a seguito ed in base a un'offerta precedentemente formulata dalla Società, i prezzi indicati nell'offerta sono da intendersi vincolanti per il solo periodo di efficacia della stessa. Al fine di assicurare una tempestiva e corretta spedizione è necessario utilizzare i numeri di Codice Articolo della Società indicati in maniera chiara nel catalogo, o su precedenti Conferme d'Ordine, Fatture Proforma o Fatture di Vendita. Il Cliente provvederà esplicitamente a specificare in un'eventuale conferma scritta la natura di mera "conferma di ordine già esistente" precedentemente inoltrato in forma scritta o non scritta, ciò al fine di evitare duplicazioni di ordini. In caso contrario, il Cliente sarà ritenuto responsabile per qualsiasi conseguente duplicato di detto ordine esistente e pagherà alla Società un importo per la transazione pari al venti per cento netto di listino della merce compresa nell'ordine duplicato, oltre a tutte le spese di trasporto per la consegna e la conseguente restituzione della merce alla Società.

5. Spese di Consegna

La merce viene consegnata "ex-fabbrica", pertanto la Società non applica spese per la consegna. Nel caso in cui tra la Società ed il Cliente fosse stata concordata una modalità di consegna diversa, la Società aggiungerà le spese del trasporto

sulla Conferma d'Ordine, Fattura Proforma o Fattura di vendita emesse al Cliente. La Società non è in alcun modo responsabile per eventuali ritardi causati dalle imprese di trasporto rispetto alle previsioni di ritiro della merce e la successiva consegna al Cliente.

6. Consegna

Tutte le ore e date di consegna indicate in qualsiasi preventivo, riscontro di ordine o altro documento sono approssimative e non possono in ogni modo considerarsi termini essenziali.

7. Forza Maggiore

Qualora l'esecuzione degli ordini sia ritardata o impedita da causa non imputabile alla Società ivi compresa l'impossibilità della stessa di procurarsi i servizi, materiali od articoli necessari per l'adempimento del contratto, o di procurarsi i medesimi solo a prezzi maggiorati, la Società potrà recedere dagli ordini o ritardare l'evasione degli stessi. Resta inteso che nel caso di ritardo la Società comunicherà lo stesso al Cliente e questi potrà esercitare diritto di recesso dall'ordine senza null'altro pretendere dalla Società. In ogni caso, l'inadempimento o il ritardo per le ragioni suddette ed in genere per causa non imputabile alla Società esclude qualsiasi forma di responsabilità della stessa, ivi compreso ogni preteso diritto di risarcimento del danno.

8. Rifiuto o mancata Accettazione della Consegna

Se il Cliente rifiuta o non accetta la consegna della merce presentata conformemente al contratto, o non adotta le azioni necessarie per rendere possibili la consegna e/o la spedizione della stessa, la Società si riserva il diritto di risolvere il contratto con effetto immediato e di ottenere dal Cliente il rimborso di tutte le perdite e dei costi addizionali nei quali sia incorsa a seguito del rifiuto o della mancata accettazione.

9. Ispezione

Sarà responsabilità del Cliente ispezionare e controllare tutta la merce immediatamente, e comunque non oltre otto giorni, al momento della consegna della stessa, al fine di verificare colore, rifiniture, misure, stato, precisione e, in genere, la corrispondenza della merce consegnata a quella ordinata. Il Cliente è ritenuto responsabile per l'ispezione ed il controllo della merce anche nel caso in cui, su richiesta espressa dello stesso, questa venga consegnata a terzi. Il Cliente è tenuto a comunicare per iscritto alla Società, entro otto giorni dalla consegna, vizi riscontrati e riscontrabili ad un primo esame, o qualsiasi altro reclamo in relazione ai prodotti. Nel caso in cui il cliente non effettui la comunicazione di cui sopra, i prodotti saranno considerati definitivamente accettati e conformi a quanto stabilito dal contratto di vendita.

10. Rischio e Diritto

La merce rimarrà di sola ed assoluta proprietà della Società fino a quando il Cliente non avrà pagato alla Società l'intero importo concordato. Ogni rischio sulla medesima merce graverà invece interamente sul Cliente dal momento del ritiro della stessa o dalla presa in custodia da terzi indicati per suo conto. Il Cliente dovrà assicurare la merce in modo adeguato. Fino al momento in cui avverrà il pagamento, il Cliente sarà esclusivamente depositario della merce per conto della Società, in un ruolo fiduciario, e custodirà la stessa in modo tale che la si possa identificare come proprietà della Società. La Società si riserva il diritto immediato di riacquistare il possesso di qualsiasi merce sulla quale continui ad avere il diritto come summenzionato, e successivamente di rivendere la stessa. A tale fine il Cliente riconosce alla Società il diritto di visitare i suoi locali, con o senza veicolo, durante le normali ore di lavoro. Questo diritto continuerà a sussistere anche in caso di risoluzione del contratto dovuta a qualsiasi motivo e senza costituire pregiudizio per qualsiasi altro diritto maturato dalla Società.

11. Responsabilità

La Società non sarà responsabile nei confronti del Cliente:

(l) per una differenza di quantitativo tra merce consegnata

rispetto a quella ordinata, salvo il tempestivo reclamo inviato dal Cliente entro otto giorni dalla data della consegna della merce.

- (II) per mancata consegna, danno o perdita della merce, o di qualsiasi sua parte, durante il trasporto, (quando la merce viene trasportata dai veicoli della Società o da un corriere per conto della Società) salvo il tempestivo reclamo inviato dal Cliente entro otto giorni dalla data della consegna.
- (III) per difetti della merce causati da usura, condizioni insolite di immagazzinamento, imballaggio non idoneo al trasporto, uso, o applicazione di qualsiasi trattamento o processo dopo l'acquisto (incluso, ma non ad esso limitato, l'acquisto di qualsiasi tipo di spray, colore o trattamento anti-fiamma) o qualsiasi altro atto, modifica o negligenza del Cliente o di terzi;
- (IV) per altri difetti della merce non comunicati alla Società entro otto giorni dalla consegna, ed in qualsiasi caso prima che detta merce venga utilizzata o venduta a terzi.
- (V) per qualsiasi perdita, danno o lesione diretta o indiretta risultante da lavorazione difettosa del materiale o altro, in qualsiasi modo ciò avvenga, indipendentemente dal fatto che sia stata causata o meno dalla negligenza della Società, dei suoi dipendenti o agenti.

Quando la responsabilità viene accettata dalla Società conformemente al paragrafo precedente l'unica obbligazione della Società sarà, a sua discrezione, rettificare qualsiasi ammanco o mancata consegna e/o, come opportuno, sostituire o riparare qualsiasi merce che risulti danneggiata o difettosa e/o rifondere il Cliente del costo di tale merce. La responsabilità globale della Società verso il Cliente, per negligenza, violazione del contratto, false dichiarazioni o altro, non supererà in nessuna circostanza il costo della merce difettoso, danneggiata o non consegnata che darà luogo a questa responsabilità, determinata dal prezzo netto fatturato al Cliente per detta merce, in qualsiasi evenienza o serie di occorrenze. I prezzi della merce stabiliti dalla Società tengono conto dei limiti di responsabilità sopra indicati. Il Cliente può, mediante avviso scritto, richiedere alla Società di accordarsi su un limite superiore di responsabilità a condizione che si possa ottenere una copertura assicurativa. Le presenti condizioni generali delineano l'intero ambito della responsabilità della Società riguardo ai prodotti, con esclusione di qualsiasi altra garanzia, condizione e termine espressi o impliciti, previsti dalla normativa nazionale ed internazionale, in ordine alla qualità o alla idoneità per qualsiasi uso particolare dei prodotti. Rimane salva l'applicazione delle garanzie inderogabili per legge.

12. Resi

- (I) Per la riconsegna dei prodotti alla Società dovranno essere applicate le specifiche condizioni indicate di volta in volta e per iscritto dall'operatore della Società.
- (II) La Società non accetta la restituzione di nessuna merce in cambio dell'ottenimento di credito, salvo un precedente accordo scritto intercorso fra le parti.

TERMS & CONDITIONS OF SALES & TRADING

1. Application

The following Terms & Conditions of Sales & Trading constitute, together with those expressly fixed at the moment of the conclusion of the contract of sales, the entire existing contractual relation between Pataviumart srl. (the "Company") and any purchaser (the "Customer") and substitute divergent agreements except for agreements signed by a legal representative of the company which have to be written on the Company's letter-headed paper. These conditions apply to all sales of goods by Pataviumart srl. to any purchaser and shall apply in place of and prevail over any terms or conditions contained or referred to in the Customer's order or in correspondence or elsewhere or implied by trade custom practice or course of dealing and any purported provision to the contrary are hereby excluded or extinguished.

2. Terms of Payment

Terms are peremptory and are agreed upon when the order is received by the Company, which, however, will indicate such terms on its respective order confirmation. Payments of invoices shall unless otherwise agreed in writing by the Company be made in full without any deduction, set-off or any further sort of request. Any exemption of V.A.T. of the Customer has to be expressly indicated on the order and must be proved adequately. Any extension of credit allowed to the Customer may be changed or withdrawn at any time. If in the opinion of the Company the credit-worthiness of the Customer shall have deteriorated prior to delivery the Company may require full or partial payment of the price prior to delivery. The Company reserves the right to hold back any order pending if an account is overdue for payment. In the event that the payments are not made within the agreed date/dates, the Company reserves the right to charge delay interests totalling the "Prime Rate" published on "Il Sole 24 Ore" on the date of invoice marked up by 4 per cent.

3. Goods and Prices

The prices payable for the goods shall be those contained in the Company's pricelists, therefore current at the time of the fulfilment of the contract. The Company shall have the right at any time without prior notice to up-date and/or change its prices, to make any technical and aesthetic changes suitable to improve the products and/or to withdraw any goods from the range of products offered. If not specified differently, all the prices are "ex-factory" from the Company, goods packed to be shipped. All prices exclude V.A.T. which will be added according to the rate applicable on the date of invoicing.

4. Orders

Orders must be sent to the Company in writing on Client's letter-headed paper by either fax, e-mail or post. The latter has to be an original order document; copies are not accepted by post. The order must be rubber-stamped and signed by the person in charge of the purchase department in the Customer's company. There is no minimum order. All orders will be supplied and invoiced with metric measurements or apiece. Orders must be confirmed in writing by the Customer and are in all cases subject to acceptance by the Company, which will send a written order confirmation to the Customer. If the order refers to an offer previously made by the Company, the conditions, terms and prices of which are still applicable, the Company will confirm the prices of the offer. In case the offer is not applicable anymore, the Company will charge the current prices for all goods regardless of the prices quoted on the offer. In all cases shall the Company quote on any order confirmation the respective prices, payment and delivery terms and conditions. In order to guarantee a prompt and correct delivery the Customer must on all orders clearly indicate the Company's Article Code which is used by the Company in its catalogues, samples, order confirmations, proforma invoices or sales invoices. No additional information or descriptions must be added by the customer unless they are absolutely necessary for a correct identification of the ordered article. If any confirmation, written or oral, of an order by the Customer does not expressly and prominently state that it is a confirmation of an existing

order, the Customer shall be responsible for any consequent duplication of the said existing order and shall pay the Company a handling charge equal to twenty per cent of the net list price of the goods comprised the duplicate order plus all carriage costs arising from the delivery or consequent return of the said goods to the Company.

5. Delivery Charge

Goods are delivered "ex-factory"; therefore, there are no transport costs. In case the Company and the Customer agreed on different delivery terms and conditions, the Company will add the transport costs to the order confirmation, proforma invoice or sales invoice and charge the Customer consequently. The Company and its suppliers are under no circumstances liable for any delays caused by the transport agent with regard to the loading and the delivery of the Customer's goods.

6. Delivery

Any time or date for delivery is approximate only and not of any contractual effect and the Company shall not be under any liability in respect of any failure to deliver at any particular time or date. Any date and time mentioned in any acknowledgement of order or elsewhere can, under no circumstance, be considered essential.

7. Force Majeure

In case it is impossible for the Company to carry out an order because of obstacles or hindrances beyond any reasonable control of the Company including the Company's impossibility to obtain the necessary services, materials or articles to carry out the order, except for price increases, the Company may delay the production of the goods and, once informed the Customer about the delay, the latter has the right to cancel the total or a part of his order without being charged any amount or compensation by the Company. The Company shall in no case be liable for this delay or the cancellation or any other case which makes it impossible for the Company to carry out the order. The Company shall under no circumstance be liable to compensation.

8. Refusal or Failure to take Delivery

If the Customer refuses or fails to take delivery of goods tendered in accordance with the contract or fails to take any action necessary on its part for delivery and/or shipment of the goods the Company shall be entitled to terminate the contract with immediate effect and recover from the Customer any loss and additional costs incurred as a result of such refusal or failure.

9. Inspection

It shall be the responsibility of the Customer to inspect all goods immediately on delivery and in any event within the subsequent eight days. The Customer must check the colour, the finishes, the dimensions, the state and accuracy of the goods and ensure that the goods correspond to those ordered. The Customer's said responsibility shall not be in any way diminished or extinguished in the case of goods which are delivered to a third party on the instruction of the Customer. The Customer must notify the Company in writing within eight days after delivery noted and noticeable faults and damages or any other claim regarding the goods. In case the Customer does not notify as aforesaid, the goods are considered definitely accepted and corresponding to the sales contract. Hidden or not apparent faults or damages may be communicated to the Company within the first year after delivery. Such hidden or not apparent faults or damages must, however, be communicated in writing to the Company within eight days after they had been noted.

10. Risk and Title

The goods shall remain the sole and absolute property of the Company as legal and equitable owner until such time as the Customer shall have paid in full to the Company the agreed price therefore. Until such payment the Customer shall be in possession of the goods solely as bailee for the Company and

in a fiduciary capacity and shall insure them accordingly and store the goods in such a way as to enable them to be identified as the property of the Company. After delivery or acceptance in custody of the goods even by a third party on the instruction of the Customer, any risk related to such goods shall entirely be on Customer's side. The Company reserves the immediate right of re-possession of any goods to which it has retained title as aforesaid and thereafter to re-sell the name and for this purpose the Customer hereby grants an irrevocable right and license to the Company's servants and agents to enter upon all or any of its premises with or without vehicles during normal business hours. This right shall continue to subsist not with standing the termination of the contract for any reason and is without prejudice to any accrued rights of the Company thereunder or otherwise. This access must be granted to allow the withdrawal of the goods for which the payment to the Company is overdue. Any withdrawal of goods does not entail that the Company retreats from the existing contract.

11. Liability

The Company shall not be liable to the Customer:

- (I) for shortage in quantity delivered unless the Customer notifies the Company of any claim for short delivery within fourteen days of the date of the Company's invoice for the goods;
- (II) for non-delivery of the goods or damage to or loss of the goods or any part thereof in transit (where the goods are carried by the Company's own transport or by a carrier on behalf of the Company) unless the Customer shall notify the Company of such claim within fourteen days of the date the Company's invoice for the goods and in case of goods all or any part of which are received damaged, unless the Customer shall sign for them as damaged and shall immediately notify the Company of the damage in writing;
- (III) for defects in the goods caused by the fair wear and tear, abnormal conditions or storage or use or the application of any treatment or process whatsoever to the goods after purchase (including, without limitation, any spray, colouring or flame proofing) or any act, neglect or default of the Customer or of any third party;
- (IV) for other defects in the goods unless notified to the Company within fourteen days of the date of the Company's invoice for the goods and in any event before the goods are passed on or sold to a third party;
- (V) for any loss, damage or injury direct or indirect resulting from defective material, faulty workmanship or otherwise, howsoever arising and whether or not caused by the negligence of the Company its employees or agents SAVE THAT the Company shall accept liability for death or personal injury caused by the negligence of the Company.

Where liability is accepted by the Company the Company's obligation shall be at its option to make good any shortage or non-delivery and/ or as appropriate to replace or repair any goods found to be damaged or defective and/or to refund the costs of such goods to the Customer. The Company's aggregate liability to the Customer whether for negligence, breach of contract, misrepresentation or otherwise shall in no circumstances exceed the costs of the defective, damaged or undelivered goods which give rise to such liability as determined by the net price invoiced to the Customer for the said goods in respect of any occurrence or series of occurrences. The Company's prices are determined on the basis of the limits of liability set out in this Condition. The Customer may by written notice to the Company request the Company to agree a higher limit of liability provided insurance cover can be obtained therefore. The aforesaid and following Conditions cover the entire limits of liability of the Company with respect to the goods and exclude any other liability, warranty or conditions explicit or implicit fixed by law referring to quality or qualification of any particular use of the goods, save those which by force of law cannot not be abrogated.

12. Returns

- (I) For all returns of goods to the Company the specific con-

dition of the Company must be applied.

- (II) No goods can be accepted back for credit unless the Company's prior written agreement for their return has been obtained.
- (III) After having obtained the authorization for returning the goods it is the Customer's responsibility to return the goods to the Company within twenty-eight days from invoice date. The goods must be adequately packed, intact and protected for transport and returned to the control department of the Company on Customer's expenses within twenty-eight days after invoice date. Any added parts must have been removed completely before returning the goods. Failing this the Company will be authorized to remove all added parts.
- (IV) The Customer bears all risks related to the returning of the goods and therefore will be liable for any loss, shortage or damage of the goods or the added parts returned together with such goods.
- (V) The Company reserves the right to impose a thirty per cent handling charge on the invoice price of returns with an invoiced value below 1000,00 Euro and a twenty per cent handling charge on the invoice price of returns with an invoiced value above 1000,00 Euros. Returns with an invoiced value below 300,00 Euros will not be accepted by the Company.

13. Colour and Finish Matching

All Conditions, warranties and representations expressed or implied by statute common law or otherwise that the colours, shades or finishes shall match accurately the colour, shade or finish of any sample or cutting or of goods shown in any advertisement, pattern book, display card, catalogue or elsewhere are hereby excluded. Without prejudice to paragraph (I) of this Condition, in the event that the Customer requires an accurate match, the Customer shall either deliver a sample or cutting of the required colour, shade or finish to the Company or ask the Company to supply a colour, shade or finish sample from its current stock, if the latter is held.

14. Samples

Samples will be sent by post or carrier on application to the Company. The samples on approval remain Company's property as per Condition 10 of these Terms & Conditions of Sales & Trading and not returned to the Company within thirty days or within the agreed period will be charged at the price per sample ruling at the date of despatch.

15. Insolvency and Default

If the Customer enters into a deed of arrangement or commits an act of bankruptcy or compounds with his creditors or if a receiving order is made against him (being a company) an order is made or a resolution is passed for the winding up of the Customer (otherwise than for the purposes of amalgamation or reconstruction previously approved in writing by the Company) or if a receiver is appointed of any of the Customer's assets or undertaking or if circumstances arise which entitle the Court or a creditor to appoint a receiver or manager or which entitle the Court to make a winding-up Order or if the Customer takes or suffers any similar or analogous action in consequence of debt or commits any breach of this or any other contract between the Company and the Customer the Company may without prejudice to any of its other rights stop any goods in transit and/or suspend further deliveries and/or by notice in writing to the Customer determine the contract.

16. Waiver

Failure by the Company to exercise or enforce any rights hereunder shall not be a waiver of any such right nor operate so as to bar the exercise or enforcement thereof at any time or times thereafter.

17. Notice

Any notice hereunder shall be deemed to have been duly given if sent by prepaid first class post, telex, fax or by any other means of communication to the party concerned if proof and date of

delivery are guaranteed.

18. Governing Law

The contract shall be governed by and construed in accordance with the Italian Law and the parties hereby submit to the jurisdiction of the Italian Law. Any international conventions are hereby excluded.

19. Place of Jurisdiction
