CIRCLE

L I M E L I G H T

Ancora il cerchio con il senso di stare intorno e quindi insieme; con il senso di centro dove al centro c'è luce, calore e bellezza.

Circle again, with the sense of being around and therefore together; with the sense of center where in the center there is light, heat and beauty.

CHAIN

L I M E L I G H T

Abbiamo scelto la catena nella sua accezione più positiva. Una concatenazione di forme perfette, la grande catena dell'essere, il punto di contatto di soggetti luminosi.

We have chosen the chain in its more positive meaning. A combination of perfect shapes, the great chain of being, the contact point of bright subjects.
