SWAROVSKI CRYSTAL PALACE

Swarovski Crystal Palace is a revolutionary project that has aimed to create signature interpretations of light and design using the emotive medium of cut crystal. While celebrating and reinterpreting the rich traditions of the chandelier, Swarovski Crystal Palace has broken down barriers, played with the rules and opened a new chapter in the history of lighting, art, and design.

LUMINOUS REFLECTIONS COLLECTION

BY TORD BOONTJE

5527507

5527506

One of a new generation of lighting components, the specially developed Circle crystal has an unafaced fluid surface that twists the light, creating rippling reflections like sunlight on water.

Tord Boontje has used it once again in an exciting addition to his groundbreaking Luminous Reflections collection. Radiant Drop is composed of a single large Circle crystal suspended from the ceiling – a drop of pure inspiration creating a magical moment of calm.

“
**SWAROVSKI CRYSTAL PALACE COLLABORATES WITH
 VISIONARY DESIGNERS TO CREATE UNIQUE LIGHTING
 PIECES THAT TRANSFORM INTERIORS INTO SPACES OF
 SPARKLING WONDER.**
 ”

Marjan van Aubel’s three pieces for Swarovski Crystal Palace—a floor lamp, pendant, and wall lamp—stand for a new generation of design, being the most future-forward pieces it has ever produced. Her inspiration comes from the way the sky bends light, and how this is strikingly similar to the way crystals treat light. That’s why this time she has chosen to use White Opal crystals: “Unlike other crystals that refract the light,” she says, “the Opal crystal collects light inside. As a result, it has more subtle qualities, emitting softer hues of blue and red, depending on the angle.” To complement the fascinating Opal stones, which scatter light like the sky, the silhouette of her lamps is minimalist, each design utilizing a simple ring shape with a diameter of either 60cm or 90cm.

BLOSSOM
BY TORD BOONTJE

5514145

BLOSSOM 2.0 ORIGINAL CHANDELIER

Blossom is a signature Tord Boontje design, showcasing all the hallmarks of the gifted and prolific designer: a delicately twisted, bejeweled tree branch that sparkles with entwined LED crystal blossoms in a pretty spectrum of pastels. It's as though a branch of cherry blossom has been frosted overnight in a fairy-tale wonderland. This is the witty and effortless mix of handcraft, folk, and high-tech traditions at which Boontje excels. The blossom can be dimmed, and it comes in two light options: a summery Warm White and a wintry Cold White (each in three sizes), ideal for creating dreamy and fantastical moods in any environment.

”
Enjoy the transformative power of light in Swarovski Crystal Palace, where as a partner of the creative medium of crystals it enfolds its quiet force to visually dazzle and elude, outshine and inspire. Both deeply embedded in individual context, yet full of surprises, you will be able to experience light in new and stimulating ways and to discover new ideas of magic
 ”

SWAROVSKI CONTEMPORARY

Swarovski has amazed and inspired designers within the world of lighting since introducing their ornate cut crystal elements for use in chandeliers and lighting fixtures in 1965. The Swarovski brand is renowned for its cutting-edge design language, which combines crystal and light to produce imaginative light forms, transforming architectural spaces into iconic landmarks of sparkling wonder.

VIBRANT

NEW

VIBRANT FLOOR LAMP

The last word in understated luxury, the minimalist Vibrant adds a sophisticated new dimension to the Contemporary assortment. Its muted matte black structure is sleek, utilitarian, and starkly modern, recalling the elegant angles of a technical drawing. Finished with the sparkling purity of a precision-cut Swarovski crystal bead, this is sleek, urban design at its most refined.

RELAUNCHED

**MADISON
DOWNLIGHT**

Industrial metal and a pyramid-cut clear crystal are central to the design point of view on the Madison. Its continuous clean lines and cool, unfettered materials create an ambiance of refinement. This sculptural effect echoes exterior construction and brings it indoors.

OCTA DOWNLIGHT

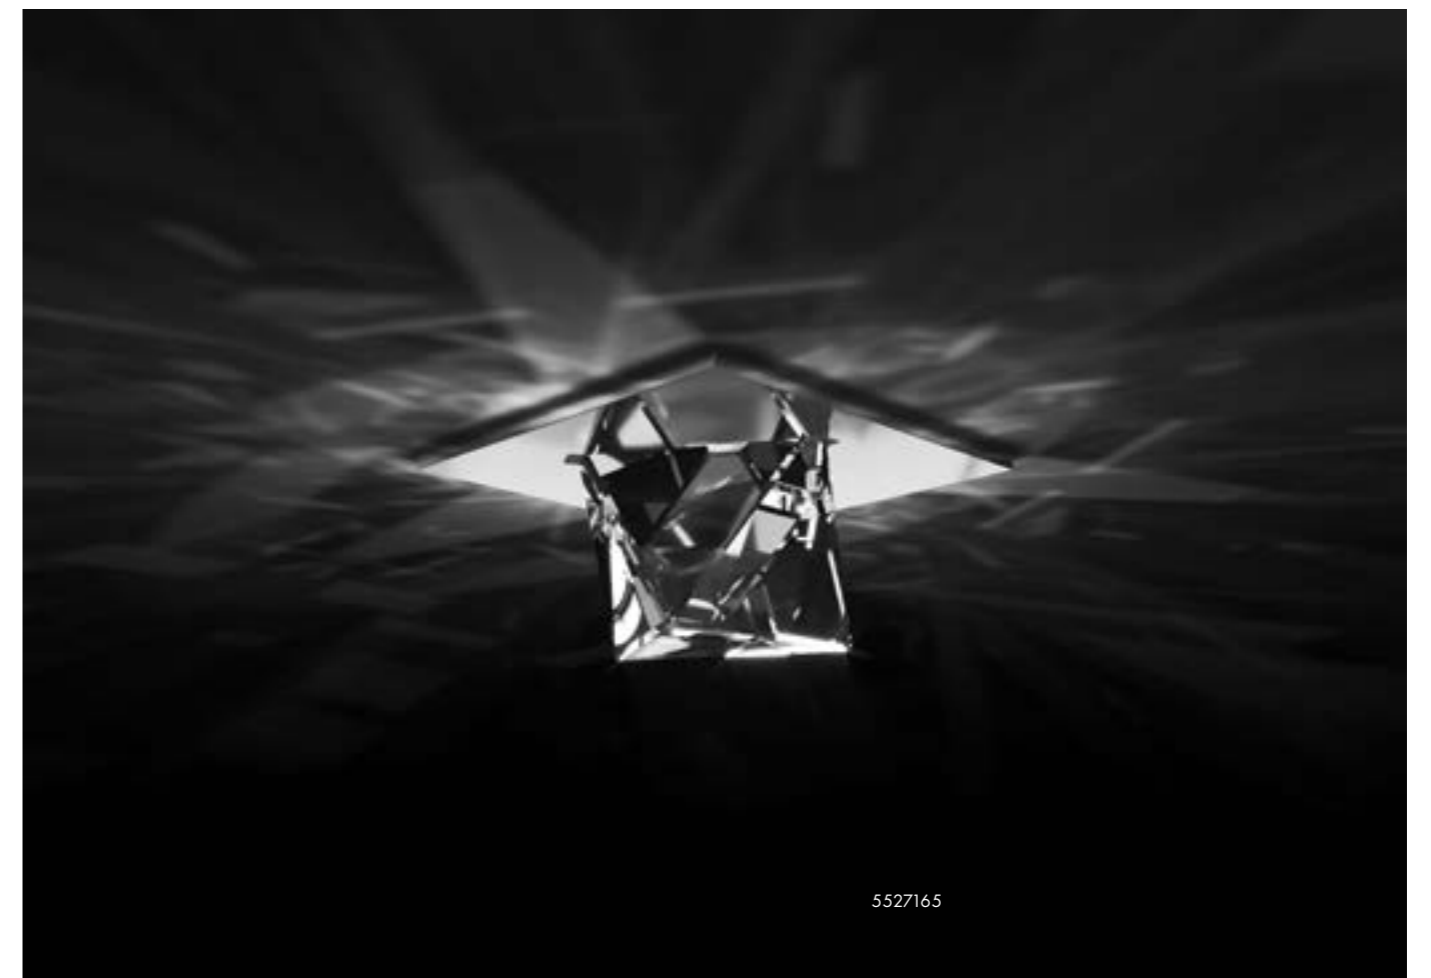

This design's multiple angles support the philosophy that every seat in the house should be the best one—and each should have a unique view. This represents a new kind of luxury. A unique Swarovski crystal directing warm halogen light emerges from a clear frame. Dynamic interior layouts are complemented by this new, soft silhouette.

RELAUNCHED

**RINGLET
DOWNLIGHT**

Undulating glass surrounds a recessed warm halogen light to create a sought-after and ethereal esthetic. Its prismatic design appeals to modernists who embrace pared-back embellishments. By projecting sophistication, such dimensional accent pieces have a firmly rooted sensibility of classicism's ideals. This includes respect for the ancient Greek and Roman traits of harmony, restraint, and adherence to tradition.

STW510E-SS1S

GLISSANDO PENDANT

Taking its name from "glissando", an Italian term describing musical notes gliding up and down in perfect harmony, the crystal prisms in the Glissando collection glide from one to another to create a multilayered stack of sparkling light. Interlocking planes and angles radiate bands of color as the crystal holds and reflects light from its twisted silhouette.

“
Cutting crystal to perfection is coded in Swarovski’s DNA. Every lighting element is the result of market-leading, one-of-a-kind engineering and skilful handcrafting. This unmistakable quality makes a world of difference and is reflected in each Swarovski illumination.
”

SCHONBEK

Since 1870, Schonbek has been synonymous with authentic, handcrafted crystal chandeliers of the highest heirloom quality and is therefore appreciated by traditionalists and modernists alike. Schonbek pieces are manufactured exclusively in the United States, drawing inspiration from the company's rich European heritage and longstanding tradition of chandelier making. Schonbek is a member of the Swarovski Group.

DROPLET CHANDELIER

Shimmering like dew beading on a spider's web on a clear day, the Droplet family of chandeliers, floor and table lamps takes its inspiration from nature's ethereal beauty. Hundreds of precision-cut Swarovski crystals are strung together to create the mesmerizing effect, while larger pear-shape cuts are suspended in mid-air like frozen drops of water, displaying opulence at its most elegant.

SWAROVSKI COLOR CHART

Awe-inspiring and breathtakingly brilliant, Swarovski lighting products draw upon the emotive power of crystal to create living light. Since 1895, Swarovski has been unsurpassed in crystal craftsmanship. Swarovski crystals promise the highest quality cut, clarity, contour, color, and care, making them the essential creative ingredient for lighting and architecture, with their infinitely sparkling radiance and natural symbiosis of crystal and light.

SHIMMER EFFECTS

The sparkling Shimmer Effect is available for standard lighting components in selected sizes. It's an innovation that brings even more vibrancy, glamour, and light-refractive possibilities to the current assortment. Featuring three gently glimmering shades of one single color that subtly throw the light to accentuate movement, it also allows more light to penetrate the crystal, making it particularly suitable for the lighting industry.

FINISH

Many different materials and finishes are used in the design of each Swarovski fixture, but each piece of lighting is trimmed exclusively with Swarovski's quality-designed crystals. It's what makes Swarovski-branded lighting products so desired around the world. Swarovski carefully selects finish colors that flawlessly complement Swarovski crystals. The result is luxurious finishes that highlight the character and elegance of the metal, giving the design a contemporary, avant-garde dimension.
