LA LUCE PENSATA

Stanley, journey beyond the stars | design Dodo Arslan

Capturing the mystery, power, and wonder of the stars, this new floor lamp from Dodo Arslan conjures the natural beauty of space and mankind's fascination with the heavens. Blades of crystalline light travel through a field of stars, creating a deep, rich, and nuanced viewing experience. Stanley's multiple perspectives create a cosmic vision with infinite depth. An homage to the genius of Stanley Kubrick and his masterpiece, *2001: A Space Odyssey*, Arslan's design aims to open doors to new galaxies. Through recreating the mysteries of our universe, Stanley captures the sense of awe that continues to compel artists, scientists, and dreamers to look to the sky for answers and inspiration. Staying in accord with the vibrancy of space, Stanley offers a series of chromatic variations which can be customized creating a unique, tonal experience.

**LIGHT SOURCE**

120V | 230V  
Integrated LED 115W max 10500lm CRI ≥90 | tunable white from 2700K to 6000K  
Dimming and tunable white with included remote control and Tuya app

All products in the Terzani collections are inspired by a return to noble artisan traditions. Every object is carefully created using craft techniques and for this reason certain details may vary from product to product. These variations are not imperfections but characteristic peculiarities of the production process. Terzani reserves the right to modify its products in order to improve its features.
