COLLECTION

CUT

Futuristic and faceted, Cut is an exercise in optics. Its space-age mirror finish when off, transforms to reveal a translucent kaleidoscopic gem when switched on. Hypnotising reflections of the luminous orb repeat infinitely within the diamond cut, vacuum metallised interior.

Produced in both chrome and smoke finishes, short and tall, pendant and surface – these are the latest adventures in our endless fascination with reflectivity, luminosity and transparency.

TUBE

Tube is a versatile standing or hanging lamp made from a black anodised aluminium cylinder which is pierced with a series of machined holes that output a strong but gradated light for the workspace and home.

Shadow play and retro aesthetic bring a unique pop graphic sensibility to our collection.

Tube Floor Light, Scoop Chair, Slab Table, Tube Pendant Light, Slant Stool

NEW

TOP

Delicate and elegant, the severe geometry of the acid-etched conical form of Top is reduced but instantly recognisable.

A super fine filter of warm light emanates from its micro pierced exterior. When switched off it appears as solid stainless steel, when switched on it appears light, semi-transparent and ethereal.

Designed to be hung in many tidy combinations, the effect of reflected polished yet illuminated stainless steel is a feat of materiality and manufacturing innovation.

SPOT

Ever curious about all aspects of the home, this year we explore the Bathroom with a focus on simple and expressive lights that are waterproof.

The Spot lamps comprise of a copper plated stainless steel body and a massively thick glass lens, with integrated LED bulbs. Designed for wet environments, they are unexpectedly decorative.

STONE

Marble. This semi-precious surface has transfixed architects, sculptors and designers for millennia, and for us too this is the dream material – tough yet tactile, heavy and long-lasting with individual personality. We have used marble for delicate lights that are waterproof.

PLANE

Plane is characterised by its simplicity and bold geometry: basic silhouettes made from a brass-plated steel frame and a double-layered white glass sphere creating a mysterious optical illusion.

MELT

No longer defined by the limitations of a wall, our expanding collection of surface lights are designed to be mounted anywhere – from ceilings to floors and all spaces in between.

This latest evolution of Melt, with its instantly recognisable metallised effect, is rated for both indoors or outdoors, from the bathroom to the ballroom. Truly there is now a Melt for every occasion.

Flash Table Square, Melt Pendant, Wingback Long Ottoman,
Boucle Throw, Melt Surface Light

VOID

Inspired by vacuum flasks, Void is made from pure metal which is formed into a complex double-walled shade.

A small but powerful halogen bulb deep inside the lamp creates a soft but directional light beam, while the exterior is polished to a highly reflective finish.

Stripe Rug Round, Fan Table Base White Marble Top, Void Pendant, Void Pendant Mini, Fan Chair, Void Surface Light

BEAT

Two new architectural scale lights join the Beat range giving it fresh silhouettes, and more importantly greater light output.

Beat Waist, Beat Stout, Beat Flat, Bird Chaise, Line Throw

MIRROR BALL

Mirror Ball Standing Chandelier

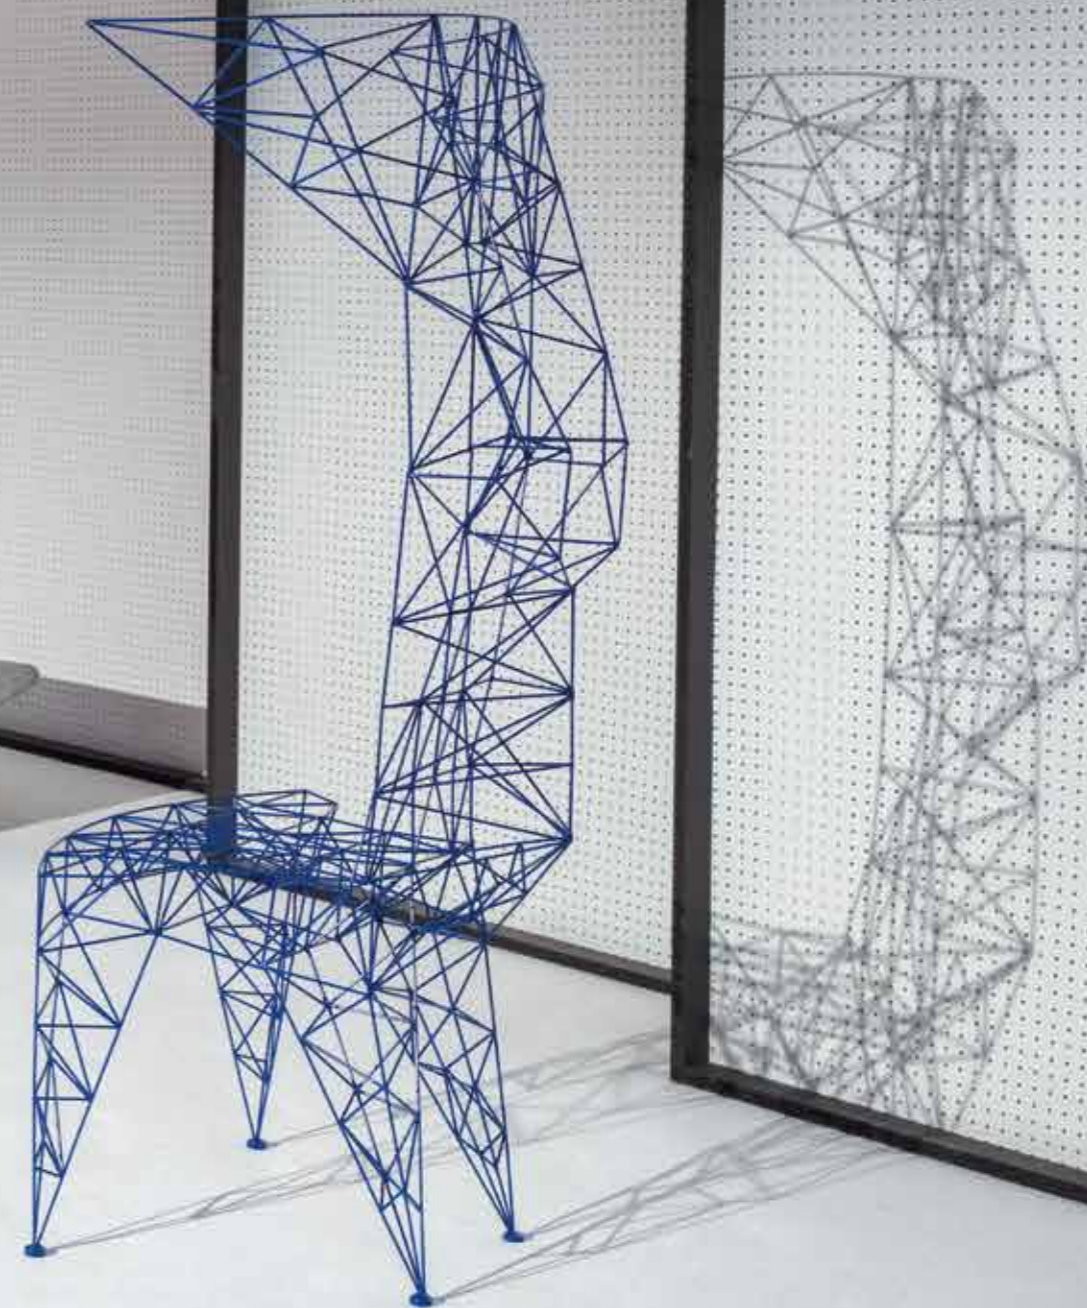

THE VETERANS

S Chair. Bird Chaise Lounge. Pylon Chair.

First launched on Milan's international stage many moons ago, we're bringing the heroes of our yesterday back home.

Re-engineered, recoloured and reinvigorated, their graphic, pop-art silhouettes feel just as fresh today as they did yesterday and will still be collector's pieces tomorrow.

NEW

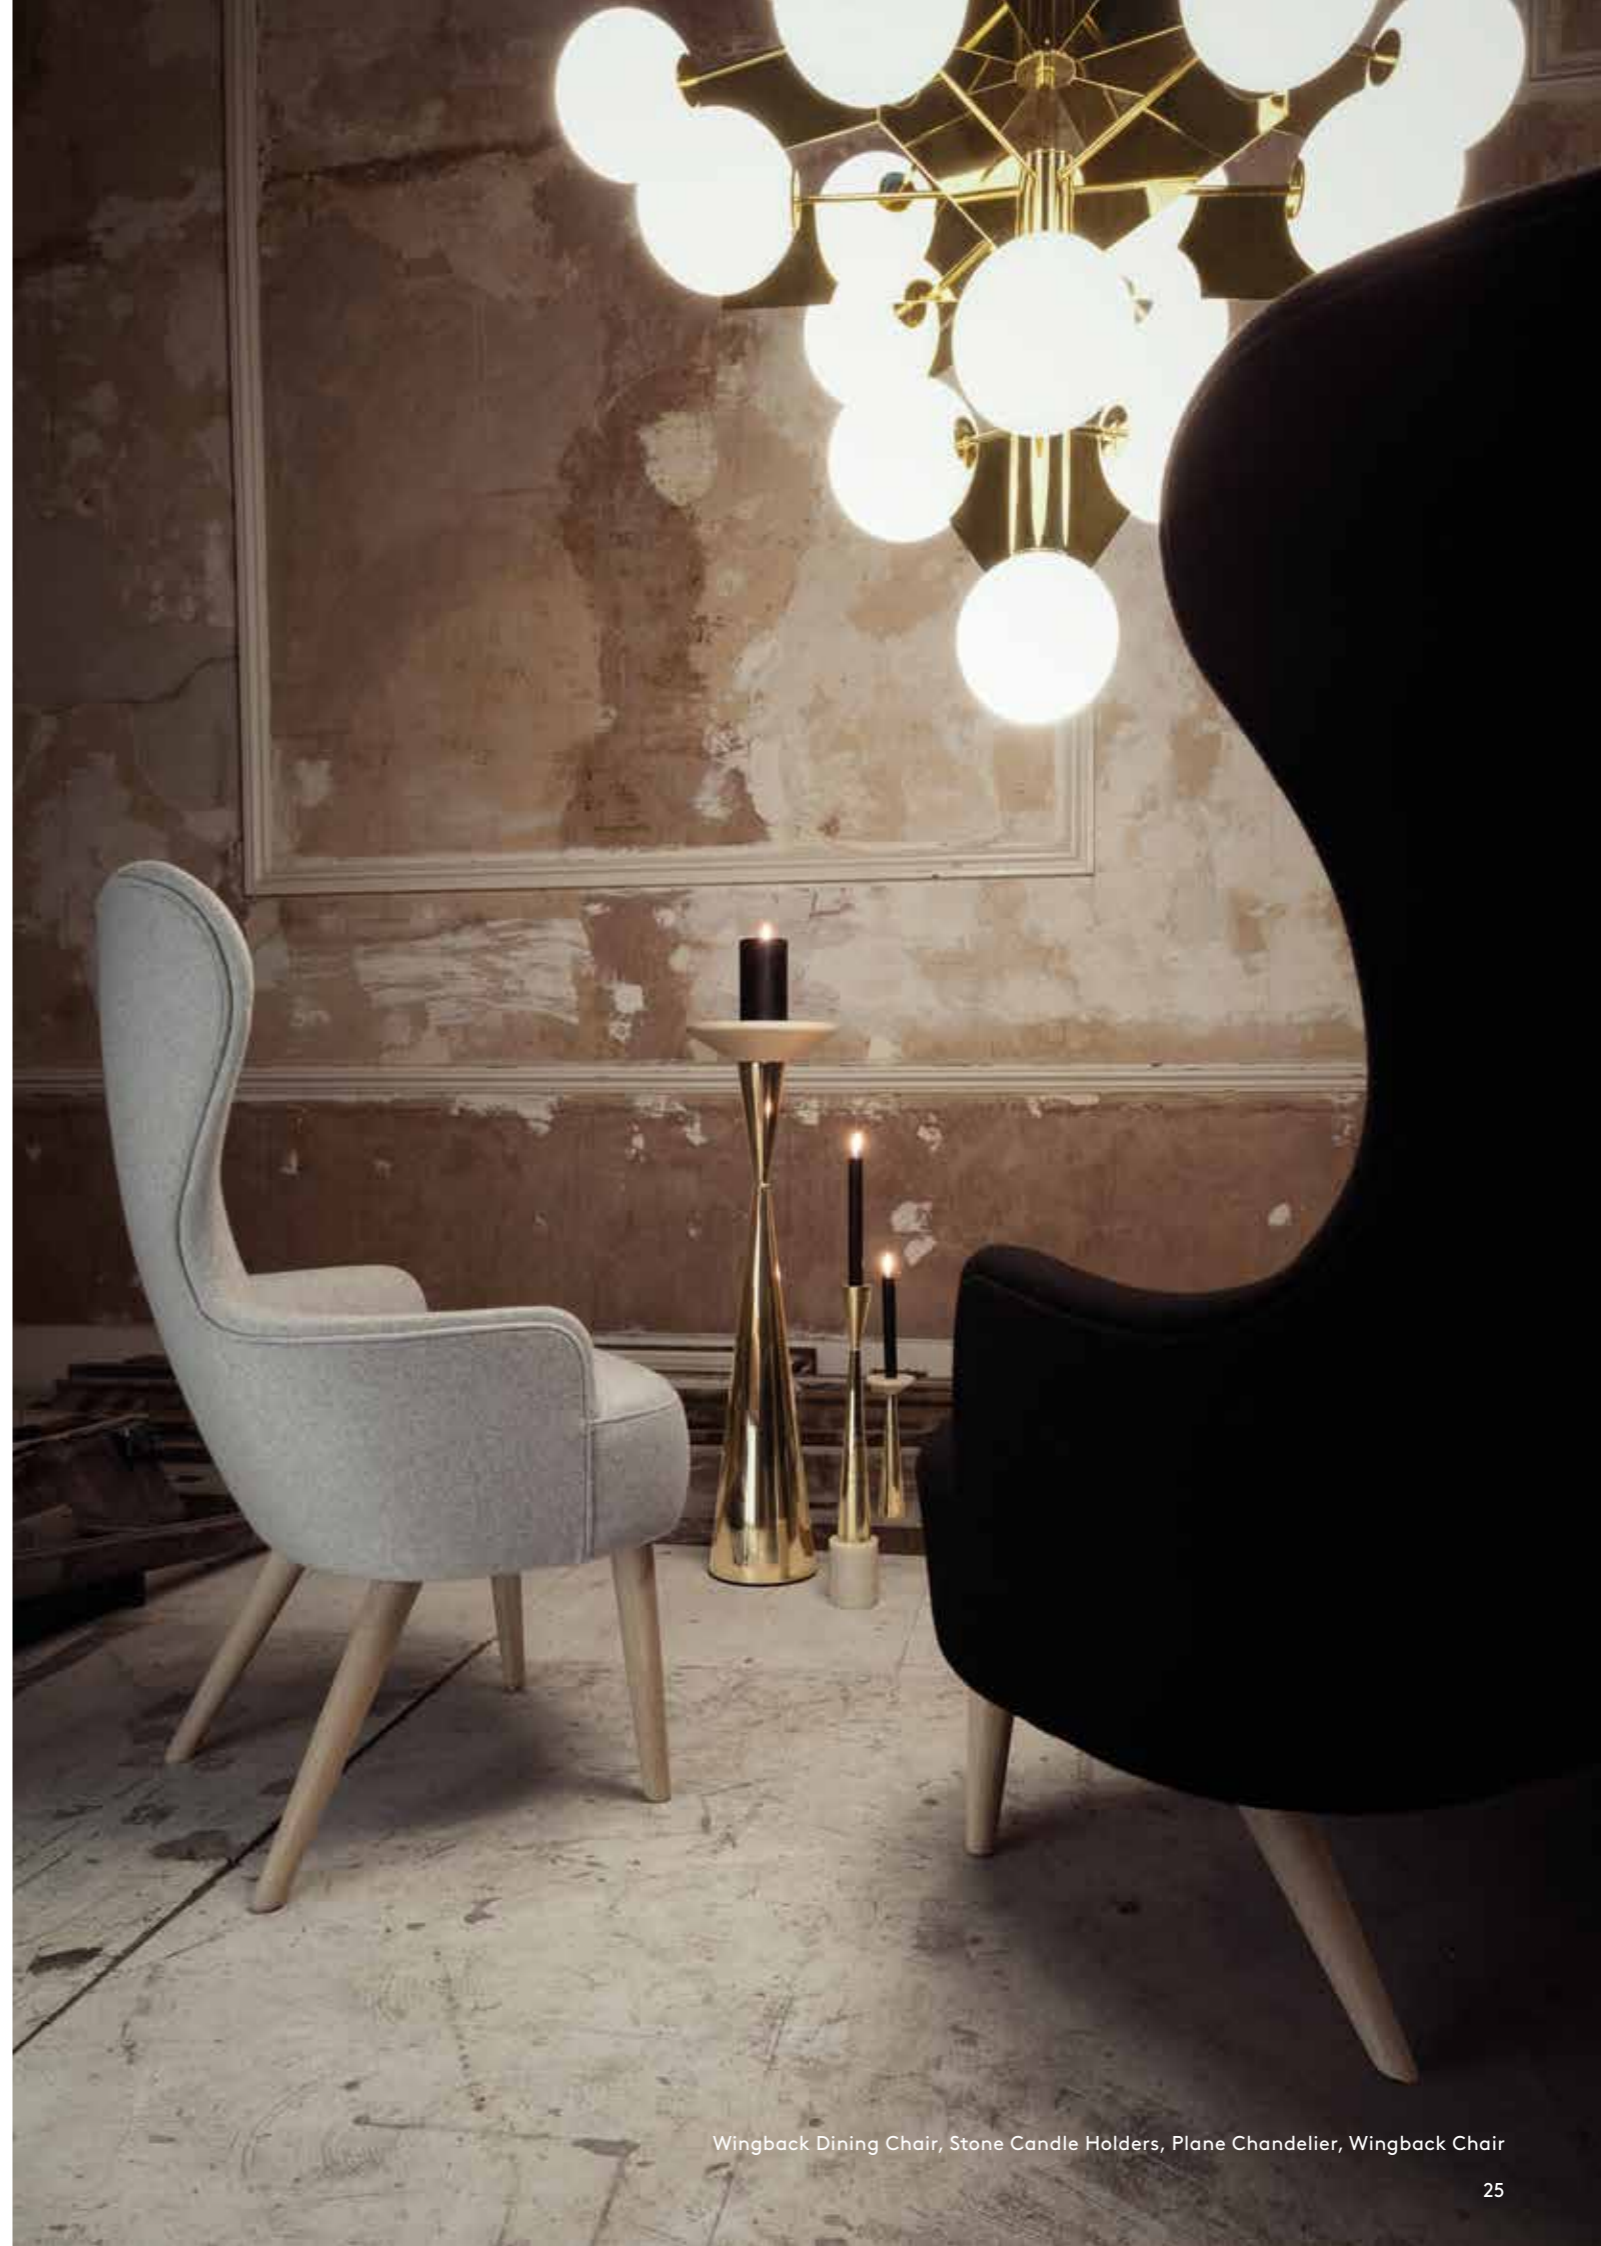

NEW

MICRO WINGBACK

The Micro Wingback is our much appreciated armchair and sofa on an Alice in Wonderland shrinking position.

Re-scaled for the home and our increasingly confined spaces, it was inspired by two seating archetypes: the 17th century wingback and the 18th century balloon back. These classic typologies are refined, reshaped and upgraded for modern times.

OFFCUT

Inspired by the 'wane edge' of a piece of wood – the knotted planks and random edges that get chopped off if they don't fit a production line – Offcut is a solid long lasting piece of furniture that challenges the perception of flat-pack as cheap and disposable.

A simple classic, to go and be used anywhere.

Offcut Stool 650mm, Offcut Stool, Offcut Side Table

Screw Stool, Screw Café Base, Screw Side Base, Green Marble Top, Curve Ball Pendant

TABLE TOPS

Versatile and hardwearing, our tables are designed to fit a variety of environments including offices, cafés, restaurants and domestic settings.

Six bases and eighteen tops in different shapes, sizes and finishes, including our new fumed wood and green marble, create over 70 combinations to choose from.

Fumed Wood Top, Fan Dining Chair, Stripe Rug Round

SLAB

The office world is awash with functional clinical and efficient systems. Slab is an alternative for the future office that is looking for more natural alternatives.

With softly rounded edges, solid materiality and bold cable management slots, it's the solid and honest desking system for the rapidly emerging co-working space.

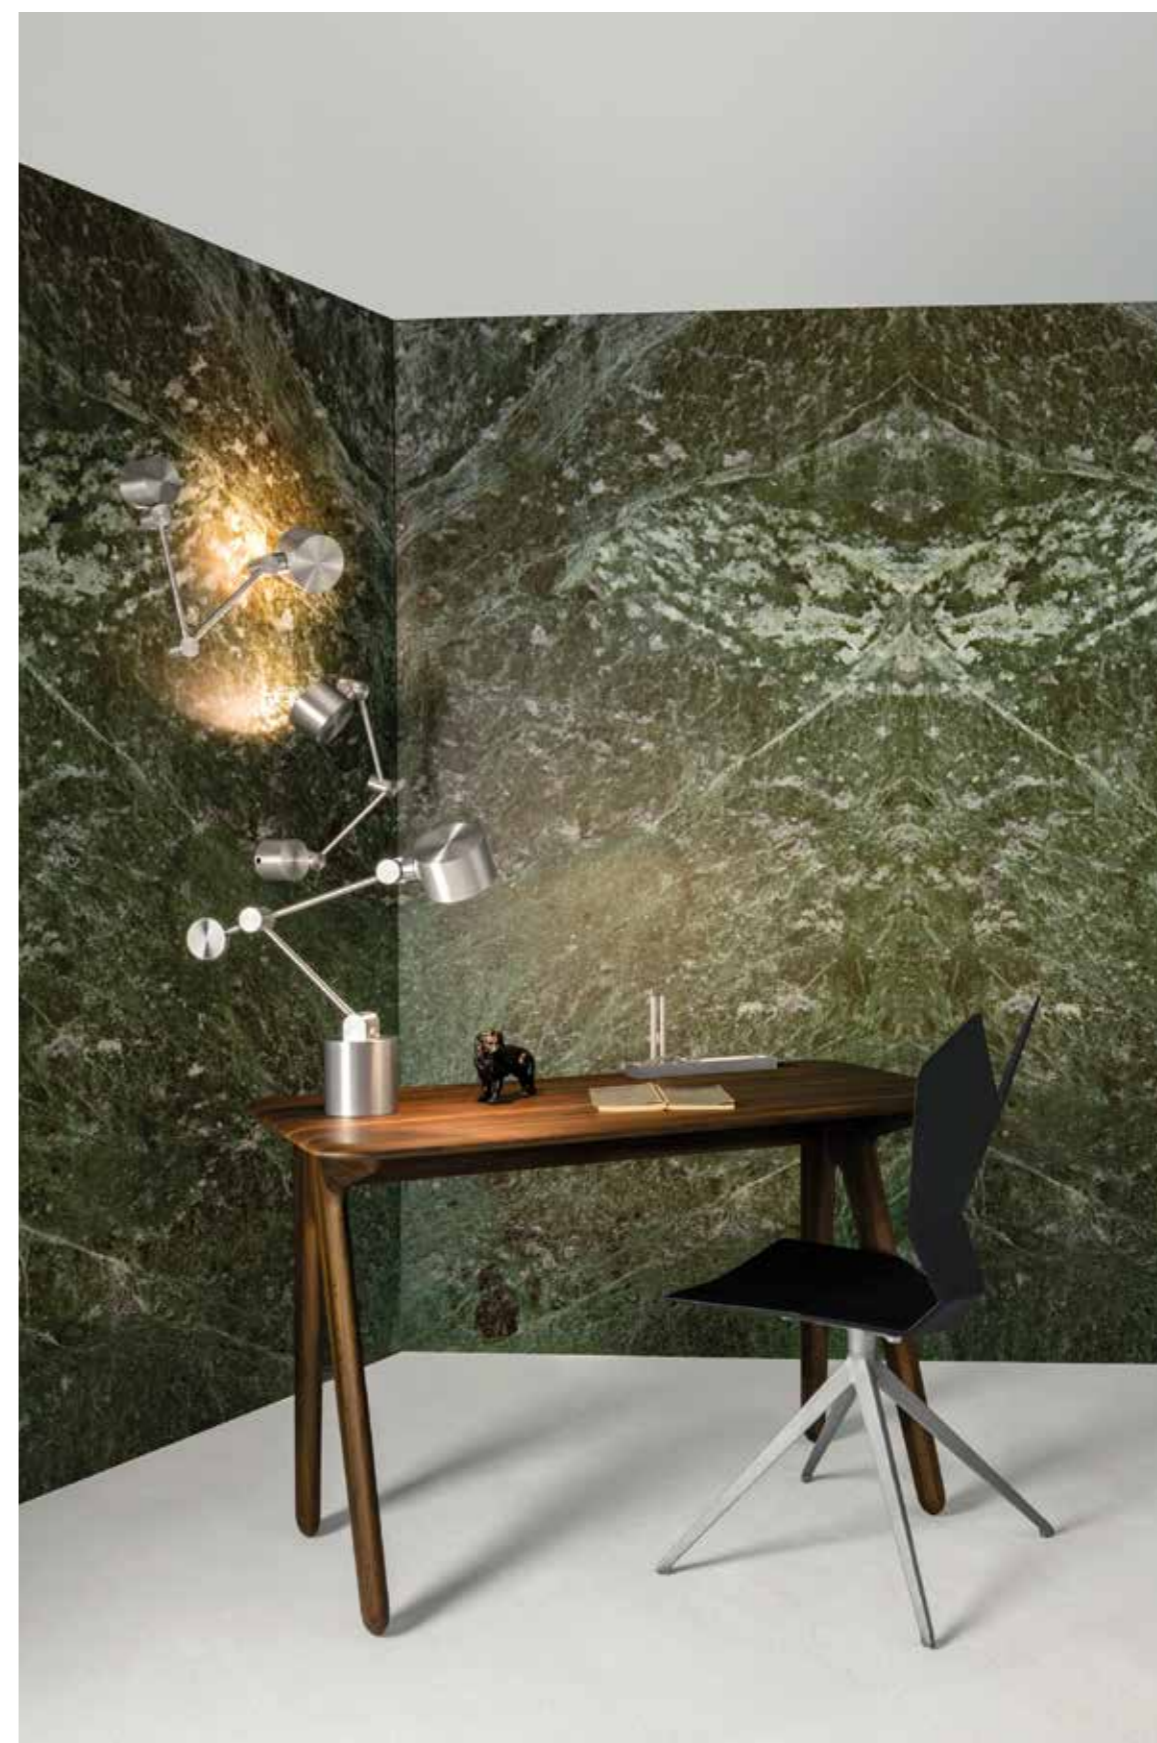

Slab Desk 4-Person Fumed Wood, Boom Task Light Black, Curve Ball Pendant

BOOM

This functional, practical and beautifully engineered task light takes its inspiration from generations of draughtsman's and machinists lamps, reduced to a series of cylinders, tubes and junctions arranged in a minimalist sculptural composition.

It's the ultimate understated lighting option for a multitude of interiors.

TEXTILES

After years of shiny metallics we've finally gone a little bit soft. Super-Texture is our first foray into weaving, sewing and embellishing where we look at extreme textures of velvets, boucles and knits.

We've scoured the globe to source materials of uncompromising quality. The colours, designed to be stacked and combined, provide a subtle and soft background to this season's metallic lighting, marble and glass accessories.

Stone Candle Medium, Stone Candle Large, Stone Pillar Candle Set

NEW

MATERIALISM

The transformation of a raw material into an object of desire or an artefact of function is the real alchemy of a designer.

Comprising of four scents: Stone, Alloy, Oil and Quartz, Materialism is where the aluminium and the marble, the glass and the wax all come to life with new shapes, new smells and new functions.

ECLECTIC

With our successful series of home fragrances, we decided to pick the three most distinctive as the departure point for a new adventure into cleansing and all round pampering.

Paraben-free and rich in anti-oxidants our Eclectic scents are made into balms and washes that nourish the skin.

NEW
